Yes, please. Can I call you at 8:30? Let me know the best number to catch you.

I'm in the office tomorrow, but am in meetings pretty much all day. I may have a bit of time around 3:30. I'm not in Friday, but I can talk Friday morning if that works for you. Maybe 8:30 or 9:00?

Friday would be better for me, but let me know if that's a problem with your schedule.

Appreciate it. Will you be in over the course of the next two days? I'll be in training, but would like to catch up and fill you in on a few things.

Howard, Lem-

As the State initiates its work I want to ensure that our staff have the appropriate contacts with

your Agency and Company in each of the areas of work - well bore integrity, pits, domestic water wells. We will be reaching out to your organizations for additional information and independent expert(s) recommendations. If you could send me names and contact information for these individuals it would be greatly appreciated. I will ensure that the information is properly distributed to the DEQ and WOGCC.

We are preparing to announce a public meeting in the near future - to be held no more than 60 days from last Thursday's announcement. We will be in contact with additional information on how we intend to organize and advance public meetings into the future. You can expect something similar to the Pavillion Working Group.

That's all I have for now. Appreciate your time.
